**DEPARTMENT OF PUBLIC WORKS: AWARD OF CONTRACTS FOR
EMERGENCY WATER DISTRIBUTION SYSTEM REPAIR PROGRAM
(SUPERVISORIAL DISTRICTS 3, 4, AND 5)
(3 VOTES)**

SUBJECT

This action is to award five contracts for the Emergency Water Distribution System Repair Program.

IT IS RECOMMENDED THAT YOUR BOARD:

1. Find that the contract work is categorically exempt from the provisions of the California Environmental Quality Act.
2. Award contracts for the Emergency Water Distribution System Repair Program in an annual aggregate sum not to exceed \$1 million to the following contractors: Williams Pipeline Contractors, Inc., located in Ventura, California; Doty Bros. Construction Company, located in Norwalk, California; Steve Bubalo Construction Co., Inc., located in Monrovia, California; W. A. Rasic Construction, located in Bell Gardens, California; and Colich & Sons LP, located in Gardena, California. These contracts will be for a term of one year commencing on August 1, 2008, with four 1-year renewal options, not to exceed a total contract period of five years.

3. Authorize the Acting Director of Public Works or his designee to annually increase the contracts' amount up to an additional 25 percent of the annual aggregate contract sum for unforeseen, additional work within the scope of the contracts, if required, and to adjust the annual aggregate contract sum for each option year over the term of the contracts to allow for an annual cost-of-living adjustment in accordance with County policy and the terms of the contracts.
4. Authorize the Acting Director of Public Works or his designee to execute these contracts; to renew one or more of these contracts for each renewal option if, in the opinion of the Acting Director of Public Works, the contractors have successfully performed during the previous contract period and the services are still required; to approve and execute amendments to incorporate necessary changes within the scope of work; and to suspend work if, in the opinion of the Acting Director of Public Works, it is in the best interest of the County to do so.

PURPOSE/JUSTIFICATION OF RECOMMENDED ACTION

The purpose of the recommended action is to make available emergency repair crews with the appropriate expertise and heavy equipment for the Los Angeles County Waterworks Districts and Marina del Rey Water System during periods of peak demand and under unusual physical conditions (e.g., underwater pipes). The emergencies require the immediate repair of line breaks, whether resulting from natural causes or system age. The Department of Public Works (Public Works) has contracted for these as-needed and intermittent services since 1995.

Implementation of Strategic Plan Goals

The Countywide Strategic Plan directs that we provide Service Excellence (Goal 1), Organizational Effectiveness (Goal 3), and Community Services (Goal 6). The contractors who have the specialized expertise and heavy equipment to provide these services accurately, efficiently, timely, and in a responsive manner will support Public Works in meeting these goals.

FISCAL IMPACT/FINANCING

There will be no impact to the County General Fund. These contracts are for an annual aggregate amount not to exceed \$1 million plus 25 percent for unforeseen, additional work within the scope of the contract. This amount is based on the hourly rates quoted by the contractors and Public Works' estimated annual demand for these services.

Funding for the first year of these contracts is included in the Proposed Fiscal Year 2008-09 Internal Service Fund Budget, which will be reimbursed by the Waterworks District Fund. When the need arises for services under these contracts, funding for the required services will be from the appropriate fund source based on the location of the work. Total annual expenditures for these services, however, will not exceed the annual aggregate amount approved by your Board. Funds to finance optional years will be requested through the annual budget process.

FACTS AND PROVISIONS/LEGAL REQUIREMENTS

The contracts will be in the form previously reviewed and approved by County Counsel (Attachment A). The recommended contracts were solicited on an open-competitive basis and are in accordance with applicable Federal, State, and County requirements. The contractors are in compliance with the Chief Executive Officer's and your Board's requirements.

These contracts contain terms and conditions supporting your Board's ordinances, policies, and programs, including, but not limited to: County's Greater Avenues for Independence and General Relief Opportunities for Work Programs (GAIN and GROW), Board Policy No. 5.050; Contract Language to Assist in Placement of Displaced County Workers, Board Policy No. 5.110; Reporting of Improper Solicitations, Board Policy No. 5.060; Notice to Contract Employees of Newborn Abandonment Law (Safely Surrendered Baby Law), Board Policy No. 5.135; Contractor Employee Jury Service Program, Los Angeles County Code, Chapter 2.203; Notice to Employees Regarding the Federal Earned Income Credit (Federal Income Tax Law, Internal Revenue Service Notice 1015); Contractor Responsibility and Debarment, Los Angeles County Code, Chapter 2.202; the Los Angeles County's Child Support Compliance Program, Los Angeles County Code, Chapter 2.200; and the standard Board-directed clauses that provide for contract termination or renegotiation.

Data regarding the proposers' minority participation is on file with Public Works. The contractors were selected upon final analysis and consideration without regard to race, creed, gender, or color.

These contracts will commence on August 1, 2008, for a period of one year. With your Board's delegated authority, the Acting Director of Public Works or his designee may renew these contracts for four 1-year renewal options, not to exceed a total contract period of five years.

Proof of the required Comprehensive General and Automobile Liability insurance policies, naming the County as additional insured, and evidence of Workers' Compensation insurance will be obtained from the contractors before any work is assigned.

Pursuant to the applicable memorandum of understanding, the Request for Proposals (RFP) for these contracted services was submitted on January 23, 2008, to the appropriate union for review. The union has not asked to meet with Public Works regarding this solicitation.

Public Works has evaluated and determined that the Living Wage Program (County Code Chapter 2.201) does not apply to these recommended contracts, which are for services required on an as-needed and intermittent basis; hence, these contracts are not a Proposition A contract (Los Angeles County Code Chapter 2.121).

These contracts include a cost-of-living adjustment provision in accordance with your Board Policy, which was approved on January 29, 2002.

ENVIRONMENTAL DOCUMENTATION

These services are categorically exempt from the provisions of the California Environmental Quality Act (CEQA) pursuant to Section 15302 of CEQA.

CONTRACTING PROCESS

On January 23, 2008, Public Works solicited proposals from 186 independent contractors and community business enterprises to accomplish this work. Also, a notice of the RFP was placed on the County's bid website (Attachment B), and an advertisement was placed in the *Los Angeles Times*.

On February 20, 2008, nine proposals were received. The proposals were first reviewed to ensure they met the minimum requirements in the RFP. One proposal was determined to be nonresponsive for failure to provide the proof of insurance, proof of five years' experience, and a copy of its California Class "A" Contractor's License. The remainder of the proposals having met the requirements were then evaluated by an evaluation committee consisting of Public Works staff. The committee's evaluation was based on criteria described in the RFP, which included the price, experience, work plan, and references. Based on this evaluation, it is recommended that contracts be awarded to the five highest-rated, responsive, and responsible proposers. When work is identified, Public Works will always first offer the work to the highest-rated contractor for the service.

The Honorable Board of Supervisors
July 1, 2008
Page 5

The following is the order of the contractors starting from highest-rated to lowest-rated:

1. Williams Pipeline Contractors, Inc.
2. Doty Bros. Construction Company
3. Steve Bubalo Construction Co., Inc.
4. W. A. Rasic Construction
5. Colich & Sons LP

If the highest-rated contractor declines the work, the next highest-rated contractor will be assigned the work following the order from highest-rated to lowest-rated in which the contractors are ranked as indicated above. In the event that the contractor selected cannot be contacted by telephone, fails to respond within one hour after being contacted, or is not available to do the work when notified, the County may select the next contractor in the ranking. At the County's discretion, the County may skip a contractor in future projects if the contractor is determined to be nonresponsive.

IMPACT ON CURRENT SERVICES (OR PROJECTS)

The award of these contracts will not result in the displacement of any County employees as these as-needed and intermittent services are presently contracted with the private sector.

CONCLUSION

Please return one adopted copy of this letter to the Department of Public Works, Administrative Services Division.

Respectfully submitted,

WILLIAM T FUJIOKA
Chief Executive Officer
